BILL NO. S-86-07-06

SPECIAL ORDINANCE NO. S-118-86

AN ORDINANCE approving City Utilities Purchase Order #A-53692 by the City of Fort Wayne, Indiana, by and through its Department of Purchasing and Lincolnway International Trucks, Inc., for the City Utilities Garage.

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That City Utilities Purchase Order #A-53692, between the City of Fort Wayne, by and through its City Utilities, and the Department of Purchasing with Lincolnway International Trucks, Inc., for the City Utilities Garage, respectfully for:

> the purchase of a 1986 Tandem Axle Cab & Chassis, per the specifications in reference #787 for the City Utilities Garage;

involving a total cost of Forty-Seven Thousand Fifty-Two and No/100 Dollars ($47,052.00), all as more particularly set forth in said Purchase Order and specifications, which are on file in the Office of the Department of Purchasing, and are by reference incorporated herein, made a part hereof, and are hereby in all things ratified, confirmed and approved, subject to financing through the City Equipment Lease program as provided for in Ordinance S-174-84.

SECTION 2. That this Ordinance shall be in full force and effect from and after its passage, and any and all necessary approval by the Mayor.

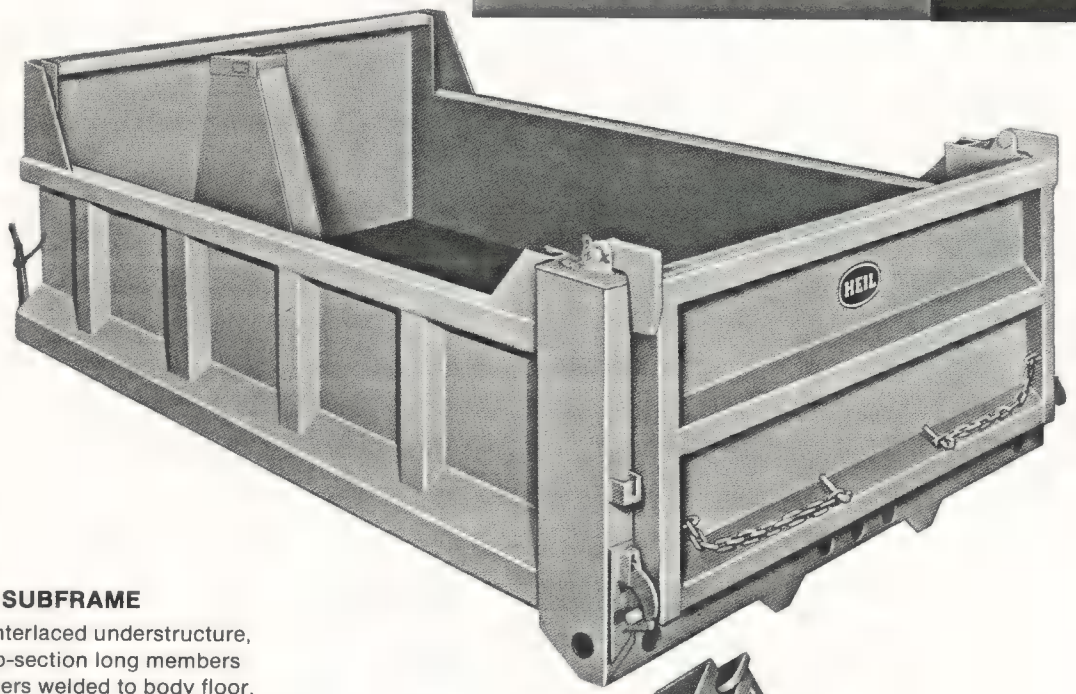
Rugged, light weight medium duty bodies for greatest legal payload on tandem axle trucks

HEIL

MODEL HPT

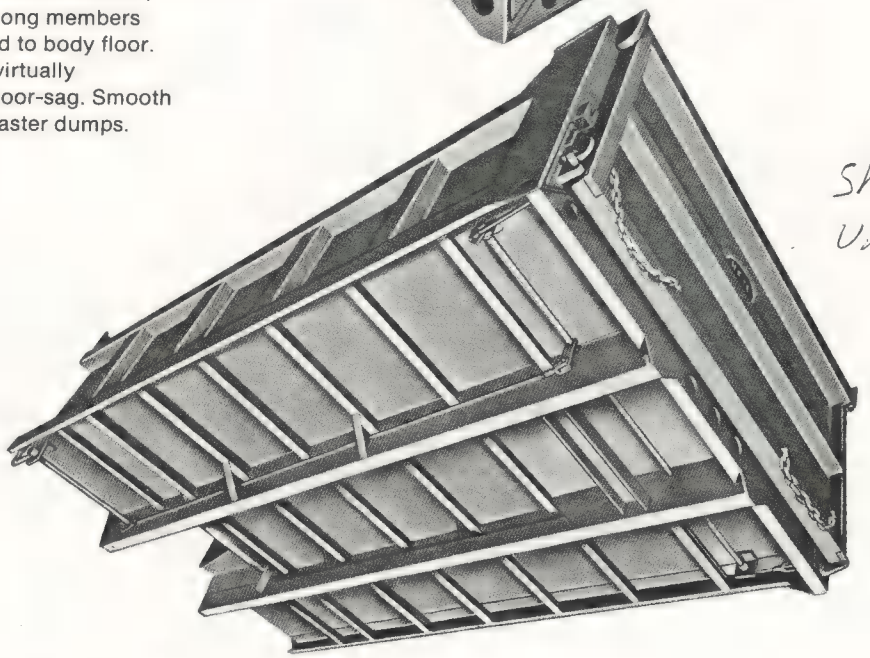
BODIES FOR HIGH PRESSURE TELESCOPIC HOISTS

VOLUME 8 yd³ (6.12 m³) AND UP



HEAVY DUTY SUBFRAME

Heil fabricated interlaced understructure, with sturdy, deep-section long members and cross-members welded to body floor. This rugged construction virtually eliminates distortion and floor-sag. Smooth body floor assures clean, faster dumps.



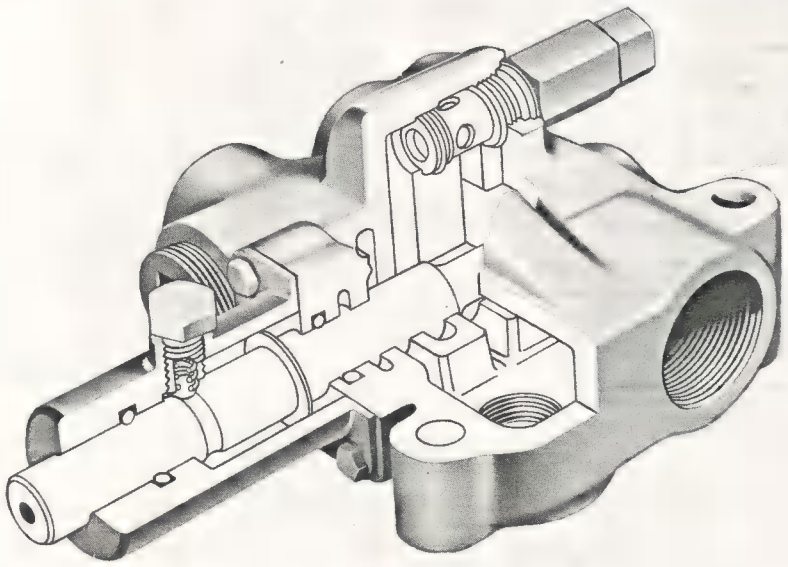
Shows Base Unit only

FEATURES:

1. Rigid long members.
2. Interlaced understructure.
3. All hi-tensile steel construction.
4. Boxed vertical side braces.
5. Wide, fully-boxed top rail. Keeps sides straight.
6. Full-depth rear corner posts.
7. Box-member reinforced tailgate, with horizontal brace.
8. Body is full welded.
9. Smaller well for hoist cylinder prevents hanging up of material. Hoist housing reinforces front head.
10. Standard pockets for extension sideboards.
11. Strong tailgate chains furnished as standard.
12. Chain brackets designed for easy, fast hookup.
13. Provision made for lights per Federal Standard 108.
14. Optional long chains available to make tailgate double acting.

HPT-53 AND HPT-63 TELESCOPIC HOISTS

★ LESS WEIGHT!
★ REDUCED MOUNTING HEIGHT!
★ FASTER CYCLE TIME!
★ TROUBLE-FREE INSTALLATION!



Control valve with check valve and cartridge type differential piston relief valve. Feathered valve spool and a spring loaded stop control lowering speed. Cable pull out, provided as standard equipment.

The company reserves the right under its product improvement policy to change construction or design details and furnish equipment when so altered without reference to illustrations or specifications used herein.

8000 BRIGADIER CAB FEATURES

BACK PANEL	Panel is a continuous piece extending from one door opening to the other. Vertical depressions add strength to rear sheet metal and reduce panel drumming.
BUMPER	Bumper is three piece with steel center section and flexible end caps. Bumper fasteners are coated with M-Guard and painted Argent silver. Bumper is not available in other colors.
DOORS	Steel construction with strap type hinge. Locks on R.H. and L.H. doors. Inside panel coated with tectyl, a rust resistant, wax like compound. Hem flange is sealed with plastisol, a soft, pliable, caulking type compound that keeps out moisture. Strengthened cab door opens to 70°.
HOOD/FENDERS	Easily removable separate components. Made of fiberglass. Inner fenders are connected to the cab, radiator, and fenders. Hood and fenders tilt forward 90° for impressive engine accessibility. Hood is mounted at the front on its own heavy steel cross support. Hood latches are constructed of molded nylon and incorporate a sturdy rubber connector, corrosion-free latch. Hood rests on rubber "V" blocks at the cowl.
FLOOR	Panels are welded to cab rear cross sill and lower portion of side door frame to form a continuously boxed section in the shape of a horizontal "U". Includes 1" polyurethane foam insulation.
GAGES	Speedometer (MPH/KPH), odometer, tachometer with integral hourmeter (reads rpm - average hours only), oil pressure, fuel, water temperature, air pressure, low air alarm buzzer, wheel lock test circuit light, and voltmeter. Low oil pressure and high water temperature buzzer and lights.
GRILLE	Plastic corrosion-resistant insert with a stainless steel bright grille trim. Grille is mounted to the radiator frame and remains stationary when the hood is tilted forward.
HANDLES	Anodized aluminum cab assist both sides.
HEATER	Deluxe Air Flow includes defroster.
HORN	Single electric.
INTERIOR	Soft vinyl headliner. Right-hand fuse block cover that provides access to fuse block, upper vinyl door trim panels with pull straps and coat hook located on R.H. rear cab back panel and R.H. and L.H. arm rests. Trim color available in multi-tone gray only.
LIGHTS	Warning lights for turn signal, high beam and differential lockout. Warning light and buzzer for low air pressure and low water. Dual front combination double faced turn signals with side marker lights including side amber reflex reflectors. Dual combination stop-tail and turn signal lights incorporating backup lights and reflex reflectors. Rear license plate light and bracket on left hand lamp. Five amber front roof marker and identification lights with separate switch and turn signal switch. Emergency disability flasher system, instrument lights, dome lamp, dual headlamps and shock mounted rear lamps.
MIRRORS	Dual 6" x 16" galvanized for corrosion protection.
ROOF	Back panel and roof are lap jointed together for improved sealing and increased strength. Drain gutters are an integral part of the roof panel, stopping the possibility of joint leaks. Includes 1" polyurethane foam insulation on roof and roof trim pad.
STEERING	Black finish, 21" steering wheel with eliptical rim. Chromed tilt steering lock handle (controls the steering column angle). Column tilts 12° and provides a maximum 64° flat wheel position for easy handling in close quarters.
SUNVISORS	Left and right-hand sunvisors.

WARRANTY COVERAGE AT A GLANCE

The warranty coverage on your vehicle varies as illustated below. Please read pages 4 thru 11 for complete details.

Vehicle Coverage	Warranty Limitations (Whichever Comes First) *		Percent of Dealer's Repair Charge Paid By Owner	
	Time	Vehicle Miles	Parts	Labor
Entire Vehicle (Except tires)	0-12 Months	0-50,000	No Charge	No Charge
Air Conditioning	0-12 Months	0-100,000	No Charge	No Charge
• Transmission • Drive Axles • Propeller Shaft • Rear Axle Housing • Front Axle I-Beam • Crossmembers • GM Fluid Fan (Housing and all internal parts)	0-12 Months	0-50,000	No Charge	No Charge
	12-24 Months	50,001-150,000	50%	50%
Frame Rails	0-12 Months	0-50,000	No Charge	No Charge
	12-60 Months	50,001-Unlimited	50%	50%
Diesel Engine Optional Equipment	0-24 Months	0-50,000	No Charge	No Charge
Corrosion	0-36 Months	Unlimited	No Charge	No Charge

*The warranty coverages are determined by the mileage of the vehicle and the number of months from the delivery date. The warranty coverages are limited by whichever comes first.

Caterpillar Warranty

ENGINES USED TO POWER ON-HIGHWAY VEHICLES

This warranty applies to the following products delivered to the first user on or after April 1, 1980.

Caterpillar warrants new engines sold by it and used to power on-highway vehicles (except engines sold for use in the United States of America in personal or family pleasure vehicle applications, to which different warranties apply) to be free from defects in material and workmanship, subject to the following provisions.

Warranty Period

The base warranty period is 100,000 miles (160,000 kilometers), 3600 operating hours, or 24 months, whichever occurs first after date of delivery to the first user.

An extended warranty period also applies to the cylinder block, crankshaft and connecting rods in 3300 and 3400 Series Engines. These parts are warranted up to 300,000 miles (480,000 kilometers), 10,800 operating hours or 36 months, whichever occurs first after date of delivery to the first user.

Caterpillar Responsibilities

If a defect in material or workmanship is found during the warranty period, Caterpillar will provide at a Caterpillar dealer or other source approved by Caterpillar:

During the base warranty period:

- New or repaired parts at Caterpillar's choice.
- Labor needed to make the repair during normal working hours including reasonable labor to remove and reinstall the product if necessary, except that on 3200 Series Engines such labor will be provided as follows:

Period of Service				
Miles*	Kilometers*	Hours*	Months*	Labor
0-50,000	0-80,000	0-1800	24	100%
~~50,001-100,000~~	~~80,001-160,000~~	~~1801-3600~~	~~24~~	~~50%~~

*Whichever occurs first.

- Usual and customary parts shipping charges to the approved source.
- Lubricating oil, filters, antifreeze and other service items made unusable by the warranty failure.

During the extended warranty period (3300 and 3400 Series Engines only):

- New or repaired (at Caterpillar's choice) cylinder block, crankshaft, and connecting rods damaged by a failure caused by a defect in one of these parts.

User Responsibilities

User is responsible for:

- Labor not provided by Caterpillar.
- Premium or overtime labor costs unless essential to prevent loss to perishable goods.
- Parts shipping charges in excess of those which are usual and customary.
- Costs for investigating performance complaints unless the problem is caused by a defect in Caterpillar material or workmanship.
- Giving timely notice of a warrantable failure and promptly making the product available for repair.

During the extended warranty period (3300 and 3400 Series Engines only):

- All costs except for the cylinder block, crankshaft or connecting rods as explained under CATERPILLAR RESPONSIBILITIES.

Limitations

Caterpillar is not responsible for failures resulting from:

- Any application or installation which Caterpillar judges improper.
- Attachments, accessory items and parts not sold or approved by Caterpillar.
- Abuse, neglect or improper repair.
- User's unreasonable delay in making product available after notice for product improvements authorized by Caterpillar.

This warranty is expressly in lieu of any other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose, except Caterpillar emission related components warranties where applicable. Remedies under this warranty are limited to the provision of material and services, as specified above. Caterpillar is not responsible for incidental or consequential damages.

As used in this warranty the term "Caterpillar" means Caterpillar Tractor Co. or one of its subsidiaries whichever last sold the product involved.

Detroit Diesel Allison
Division of General Motors Corporation
Indianapolis, In. 46206-0894

NEW PRODUCT WARRANTY

DISTRIBUTOR SALES

WARRANTY ON NEW MODEL AT, MT AND HT SERIES ALLISON AUTOMATIC TRANSMISSIONS USED IN ON-HIGHWAY BUS AND LINE HAUL APPLICATIONS

Detroit Diesel Allison (Detroit Diesel Allison Division, General Motors Corporation) warrants to the owner of each new AT, MT and HT Series Allison Transmission installed in an on-highway bus or line haul motor vehicle that it will repair any defective or malfunctioning part of the transmission in accordance with the following schedule:

WARRANTY LIMITATIONS AND ADJUSTMENT SCHEDULE			
Warranty Limitations (Whichever First Occurs)		Adjustment Charge To Be Paid By Owner	
Months	Transmission Miles	Parts	Labor
0 - 12	0 - 50,000 M (0 - 80,000 km)	No Charge	No Charge
13 - 15	50,001 - 62,500 M (80,001 - 100,000 km)	20%*	20%*
16 - 18	62,501 - 75,000 M (100,001 - 120,000 km)	40%*	40%*
19 - 21	75,001 - 87,500 M (120,001 - 140,000 km)	60%*	60%*
22 - 24	87,501 - 100,000 M (140,001 - 160,000 km)	80%*	80%*

*% of Service Outlet's Normal Charge

The warranty period shall begin on the date the transmission is delivered to the first retail purchaser or, if the transmission is first placed in service as a demonstrator prior to sale at retail, on the date the transmission is first placed in such service.

This warranty covers only malfunctions resulting from defects in material or workmanship.

This warranty does not cover:

- Malfunctions resulting from misuse, negligence, alterations, accident or lack of performance of normal maintenance services;
- Any transmission which shall have been repaired by other than an authorized Detroit Diesel Allison service outlet so as in any way, in the judgment of Detroit Diesel Allison, to affect adversely its performance and reliability;
- The replacement of maintenance items (such as filters, screens, transmission fluid) made in connection with normal maintenance services;
- Loss of time, inconvenience, loss of use of the vehicle or other consequential damages.

The owner is responsible for the performance of regular maintenance services as specified in the driver's handbook applicable to the transmission.

Repairs qualifying under this warranty will be performed by any Detroit Diesel Allison Distributor or *his specifically designated Service Dealer* within a reasonable time.

This warranty is the only warranty applicable to the Allison Model AT, MT and HT Series Automatic Transmissions used in on-highway bus and line haul applications and is expressly in lieu of any other warranties, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose. Detroit Diesel Allison neither assumes nor authorizes any other person to assume for it any other liability in connection with such transmissions.

F-17SE175(6-82)

THE ROCKWELL WARRANTY

Rockwell International Corporation ("Rockwell") warrants to the owner for use (the "Owner") that the Rockwell components listed below which have been installed by an original equipment manufacturer as original equipment in an on-highway vehicle will be free from defects in material and workmanship. For components other than oil seals, this warranty covers failures occurring after the date the manufacturer's vehicle warranty (including any prorated coverage) applicable to such components expires, to the end of five years from the date of purchase by the first Owner, or 500,000 miles/800,000 km of use, whichever comes first. Oil seals on rear axles are covered for three years from the date of purchase by the first Owner, or 300,000 miles/480,000 km of use, whichever comes first. Components installed as replacements under this warranty are warranted only for the remainder of the period covered by this warranty.

This warranty does not cover a component which fails, malfunctions, or is damaged as a result of (i) improper modification or repair, (ii) accident, abuse or improper use (including loading beyond the specified maximum vehicle weight), (iii) improper or insufficient maintenance, or (iv) normal wear and tear. It does not apply to components not manufactured or supplied by Rockwell, to components of vehicles used in off-highway applications, or to components of vehicles operated outside the United States and Canada.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

In no event shall Rockwell be liable for special, incidental, indirect or consequential damages of any kind, including but not limited to, labor and towing charges.

The exclusive remedy under this warranty shall be repair or replacement of the defective component at Rockwell's option. This is the entire agreement between Rockwell and the Owner about warranty and no Rockwell employee or dealer is authorized to make any additional warranty on behalf of Rockwell.

The first Owner must return the registration certificate delivered with the vehicle to Rockwell within 30 days after delivery to get coverage under this warranty. This warranty may be transferred by sending the new Owner's name and address to Rockwell at the address on the registration certificate.

To obtain service under this warranty, the vehicle may be taken to any participating new truck/trailer dealer. The participating dealer will inspect the vehicle and contact Rockwell for an evaluation of the failure. When authorized by Rockwell, he will repair or replace during the term of this warranty any defective Rockwell component covered by this warranty. The Owner is responsible for any labor charges made by the dealer.

Covered Components

Rockwell Front Axle Models FD-931, FF-941, FF-942, FG-941 and FL-941 (coverage excludes wheel end equipment, wheel seals and tie rods).

Rockwell Single Rear Axle Model R-170 (coverage excludes wheel end equipment, wheel seals and gaskets).

Rockwell Tandem Rear Axle Models SL-100, SQ-100, SL-100P, SQ-100P, SQR-100, SQR-100P and SSHD (coverage excludes wheel end equipment, wheel seals, gaskets and oil filters).

Rockwell Trailer Axles–TK, TN, TP, TQ, TR and RQ Series (coverage excludes wheel end equipment and wheel seals).

Rockwell Cam-Master® Brakes–"P®" "T™" and "Q™" Series (coverage limited to brackets, spiders and camshafts).

Rockwell Dura-Master® Air Disc Brakes (coverage limited to torque plate, caliper [except bushings and boot] and chamber bracket).

Rockwell PayMaster™ Automatic Slack Adjusters.

FOR ADDITIONAL DETAILS ON THE ROCKWELL 5-YEAR/500,000-MILE WARRANTY, CALL ROCKWELL–1-800-535-5560.

DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

S-86-07-06

SYNOPSIS OF ORDINANCE:

An ordinance approving City Utilities Purchase order #A-53692 with respect to the purchase of a 1986 Tandem Axle Cab & Chassis. Per the specifications in reference #787 for the City Utilities Garage.

This purchase order is "Subject to financing through the City Equipment Lease program as provided for in Ordinance S-174-84."

EFFECT OF PASSAGE:

Purchase is necessary for maintaining current and projected City Services; Modernization of rolling stock.

EFFECT OF NON-PASSAGE:

Department will be unable to maintain current levels of City services; continuation of high maintenance cost to keep older rolling stock in operation.

MONEY INVOLVED (Direct costs, Expenditures, Savings):

Lincolnway International #A-53692 $47,052.00

ASSIGNED TO COMMITTE (President):

one of 2
